

## **The Farm**

### **Words by Ray Martin/SHIFTER X**

I gave you letters from the farm  
Said I'd keep you  
I said I'd keep you

I said I'd keep you from harm  
I gave you everything I own  
Gave you feelings never known  
Said I'd be the only one  
Till your dying day

So how is the little one  
Is he sleeping through the storm  
Does he ask you where I've gone  
Does he feel all alone  
Does he cry in the night because I'm not there

Oh now I feel you slipping away  
So now is this the price I pay  
Feelings have changed  
Lives re-arranged  
Did you love me at all

Just like a bird I flew  
Over towns past balloons  
People shivered in the dark  
Prayed we wouldn't hit the mark  
We thought were invincible under the night skies

I never saw the searchlight glow  
Never felt the tracers flow  
Only pain in my arms  
Picture of you in my heart  
Rushing fast through the air  
Coming back down to earth

Oh now I feel life slipping away  
So now is this the price I pay  
Feelings have changed  
Lives re-arranged  
Did you love me at all

Oh I can't let you go  
Oh I can't let you  
Oh I can't you go  
Oh I can't let you

So now I'm standing in the hay  
Sun is shining down on me  
Feels a million years have gone  
Since the day you were the one  
Holding letters in my hand

Love has shifted just like sand

So how is the little one  
Is he sleeping through the storm  
Does he ask you where I've gone  
Does he feel all alone  
Does he cry in the night because I'm not there

Oh I thought you were the one  
Thought you were the only one  
I gave you letters  
Oh I gave you letters  
I gave you letters  
Oh I gave you letters from the farm  
Gave you letters  
I gave you letters  
I gave you letters from the farm
